Source: OPTN/SRTR Data as of October 1, 2010.

Notes:

(%) = Percentages are calculated based on totals including missing and unknown cases.

(-) = None in category.

Living donor ages reported as 11 years or less are included in 'Unknown', accounting for about 0.01 percent of the data.

Expected deaths are based on death rates found among people in the general U.S. population with the same age and sex as the living donors.
